

ACA Lake Geneva

Spring Campout

April 17th - April 19th, 2009

The ACA - Lake Geneva Campsite is located in Leesburg, Florida. This is a "cabin" campout compete with air-conditioning and indoor bathrooms and showers. The cabins are dormitory style with spacious and comfortable bunk beds. The facility has a swimming pool, lake, indoor auditorium, gymnasium, dining hall, outdoor amphitheater, and many other amenities.

There will be the time-honored Coup stick competition which includes a tribal skit, costume, craft and invitation judging and let's not forget the much anticipated war games and car race. During the Saturday evening bonfire we will have an award ceremony including the passing of the Coup stick. If it is time for your daughter to graduate the program this campout will include the "Breaking the Arrow" ceremony.

The annual Pinewood Derby Indy 500 car races, where you compete with the car you and your daughter have built together will be enhanced this year. The Seminole Nation has a new state of the art, three lane race track complete with a computerized timing system.

Meals included:

Friday - Dinner, Saturday - Breakfast, Lunch & BBQ Dinner*, Sunday - Breakfast

*Back by popular demand will be the catered Saturday evening BBQ dinner.

Pricing:

Dad/1 Daughter=\$200: Dad/2 Daughters=\$300: Dad/3 Daughters=\$400

Please use Paypal at www.seminolenation.org to register and pay for this event

Directions from the South:

Take the turnpike to the Leesburg/Clermont exit. Go north (right) to Leesburg via Hwy. 27 North. Travel about 15 miles through Leesburg to Fruitland Park. Proceed north until you pass the Florida Highway Patrol Station on the left. Look for Camp Geneva signs on the right and a Farm Store on the left as guides. Turn left at the Farm Store onto Spring Lake Road. Follow Spring Lake Road for 3/4 of a mile to Pete Street. Take a right on Pete St. and an immediate left on to Via Marcia. Continue on this road through the main gate to the Administrative Office. If you go through the Town of Lady Lake, you've gone too far.

Rules

1. All cars must be newly constructed for this event. Previously raced cars are not admissible. Integrity system applies.
2. Maximum weight is 24 oz.(1.5 lbs.) as measured by the official scale at the weigh-in table. Cars not conforming at the weigh-in may be modified (a table with simple tools will be provided) and re-weighed up to two additional times. After a car is officially weighed in, no additional lubrication or alterations to the car are allowed.
3. Only bodies, wheels, and axles provided by the Nation with registration may be used.
4. Main body must be of wood. Additional items may be added for weight or design. Be creative, but you may not alter the wheels in any way
5. Wheelbase (distance between fore and aft axles) may not be changed from those originally cut into the car body.
6. Maximum dimensions: 10 inches in length; 5 inches in height; 4.75 inches in width.
7. All wheels must be touching the ground. (Cars not conforming to these specs will not properly fit over the lane strip on the track, and will either get "hung up" or will "jump the track")
8. No washers (other than the red ones that come with the car), bearings, springs, or shaped wheels may be used. Wheel surfaces may be sanded flat and smooth, but surface areas that touch the track must be flat and the full, original width. Original axles must be used.
9. Technical issues may be appealed to the host tribe at the time of inspection. Obvious rules violations may be protested at any time. The decision of the host tribe in such matters is final.
10. During the race, the decisions of the starting and finish line judges are final and not subject to protest or discussion. (Good Sportsmanship and Respect are the values we're teaching).
11. Any car not made to comply with these rules by the time of the race will be allowed to race, but will not be eligible to win speed related awards.
